Businesses

ACA compliance. It's a current challenge with the potential to become an ongoing one. What you really want is an easy solution to the complexities of ACA regulations, while protecting against fines, fees and penalties.

School Districts

Is your school district monitoring employee hours as required? Are you confident your ACA compliance method or system will 1) collect, 2) monitor and 3) prepare IRS-compliant reports for employee hours actually worked?

Partner Web Site Overview

ACA-Track Partners have the option of subscribing to and deploying a co-branded version of aca-track.com for their marketing purposes. The web site can be readily “branded” using your company logo and contact information, along with selective opportunities for customizing content and engagement or call to action (CTA) mechanisms. (See Figure 1.) The website can be accessed by a link from your existing web site or promoted as a singular site using a unique url, for example: **partnername.aca-track.org**
